# Brief Introduction of **AL FADHLI**

AL AMAD AL FADHILAH GENERAL CONTRACTING Company is a wholly owned and registered Saudi Arabian company, headquartered in Al Khobar, Eastern Province. Established in 2025, the company was founded with a clear purpose: to provide outstanding solutions in general contracting, civil construction, and specialized services across the Kingdom. With operational centers in Al Khobar and the organizational capacity to execute projects at any location within Saudi Arabia, Al Fadhli is built for agility and scale alike, equipped to accomplish any project professionally, whether large or small, sensitive or complex.

AL AMAD AL FADHILAH GENERAL CONTRACTING Company assures all current and future clients that every project regardless of size, complexity, or sensitivity will be professionally accomplished in an efficient and effective manner. Our in-house expertise, proven organizational structure, and commitment to excellence make us the partner of choice for civil and general contracting across the Kingdom of Saudi Arabia.

# Our Vision

To establish **AL AMAD** as the benchmark for excellence in contracting across Saudi Arabia, through disciplined execution, technical expertise, and an unwavering commitment to exceeding client expectations.

# Our Mission

AL AMAD AL FADHILAH

GENERAL CONTRACTING

To deliver construction and specialized services with the highest standards of quality, safety, and efficiency — on time and within budget — for every client, every project.

# CORE VALUES

## SAFETY

1 We believe that nothing is more important than the safety of our people and the communities we serve.

## INTEGRITY

2 We uphold the highest ethical standards in all our offices and operations, without compromise.

## QUALITY

3 Quality is not just a standard — it is our passion and the measure of everything we deliver.

## POTENTIAL

4 We develop and support one another so that every employee can reach and exceed their full potential.

## CUSTOMER CENTRIC

5 We place our clients at the center of every decision and initiative, committed to delivering services that surpass their expectations.

# CORE VALUES

## EMPOWERMENT

**6** We empower our people to make informed decisions and take ownership of their actions.

## INNOVATION

**7** We constantly seek better ways to improve everything we do, embracing change as a path to excellence.

## ACCOUNTABILITY

**8** We take our responsibilities seriously — and we expect the same from everyone on our team.

## EXCELLENCE

**9** We take great pride in the quality of our work, and it shows in every project we deliver.

## BALANCE

**10** We believe that a fulfilled employee is a productive one. Personal time is valued as much as professional commitment.

# Our Customers – We Are Proud to Serve

المؤسسة العامة لتحلية المياه المالحة  
Saline Water Conversion Corporation (SWCC)

# Our Team

# Quality Program

At **AL AMAD AL FADHILAH GENERAL CONTRACTING** Company, quality is not a procedure — it is a commitment embedded in every project we undertake. Our Quality Program ensures that each engagement, regardless of scale or complexity, is executed to the highest professional standards. Our approach to quality is defined by four pillars:

## CLIENT-FIRST DELIVERY

**1** Every client receives the highest standard of service, without exception.

## EXPERT MANAGEMENT

**2** All projects are led by qualified professionals utilizing state-of-the-art management techniques to ensure full control, supervision, and cost efficiency.

## CONTINUOUS OVERSIGHT

**3** Projects are periodically reviewed by Head Office specialists to maintain consistency and excellence at every phase.

## PEOPLE DEVELOPMENT

**4** We invest continuously in the training and skill development of our teams, because quality begins with capable people.

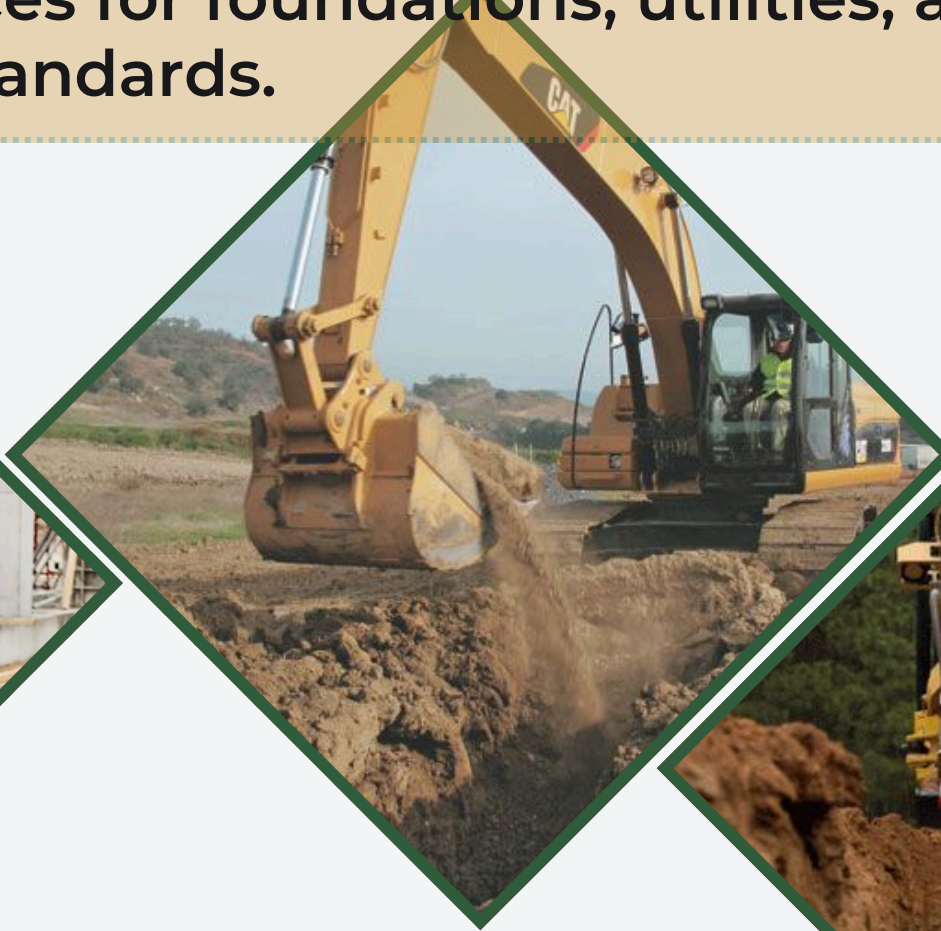

# OUR SERVICES

## Civil Works

- 1 Design and execution of civil construction works including earthworks, foundations, structural concrete, and site preparation across all project types.

## Excavation Works

- 2 Mechanical and manual excavation services for foundations, utilities, and site development, executed with precision and adherence to safety standards.

# OUR SERVICES

## Backfilling, Leveling & Compaction

3

Professional backfilling, grading, and soil compaction works ensuring stable and compliant ground preparation for all construction phases.

## Structural Steel Works

4

Structural design and construction of industrial and aviation hangars, engineered for durability, functionality, and compliance.

# OUR SERVICES

## Asphalt Works

5

Full-scope asphalt services including road construction, paving, resurfacing, and maintenance to the highest engineering standards.

# OUR SERVICES

## Road Marking & Line Painting

6

Supply and application of road markings, lane lines, pedestrian crossings, and pavement signage using high-durability traffic paint and thermoplastic materials.

## Interlocking, Curb Stones

7

Supply and installation of interlocking pavers, concrete curb stones, and precise road marking for roads, parking areas, and public spaces.

# OUR SERVICES

## Road Studs & Informational Signage

- 8 Supply and installation of reflective road studs, raised pavement markers, and informational signage panels for road delineation, wayfinding, and nighttime safety.

## Road & Pavement Ceramics

- 9 Supply and installation of ceramic and paving tiles for roads, sidewalks, and pedestrian pathways, combining aesthetics with durability.

# OUR SERVICES

## Road Barriers & New Jersey Barriers

10

New Jersey concrete barriers, road guardrails, delineators, and traffic safety systems for road safety, traffic management, and site protection applications, in compliance with applicable road safety standards.

## Street Sculptures

11

Design, fabrication, and installation of decorative sculptures, landmarks, and feature elements for roundabouts, streetscapes, and public spaces.

# OUR SERVICES

## Signage & Wayfinding

12

Design, fabrication, and installation of directional signage, informational boards, and wayfinding systems for roads, facilities, and public spaces.

# OUR SERVICES

## Electrical Works

13

Full electrical installation services including power distribution, lighting systems, cable laying, and electrical infrastructure for all project types.

## Sanitary Works

14

Complete sanitary installation services including plumbing, drainage networks, and sanitary fixtures for all building and infrastructure projects.

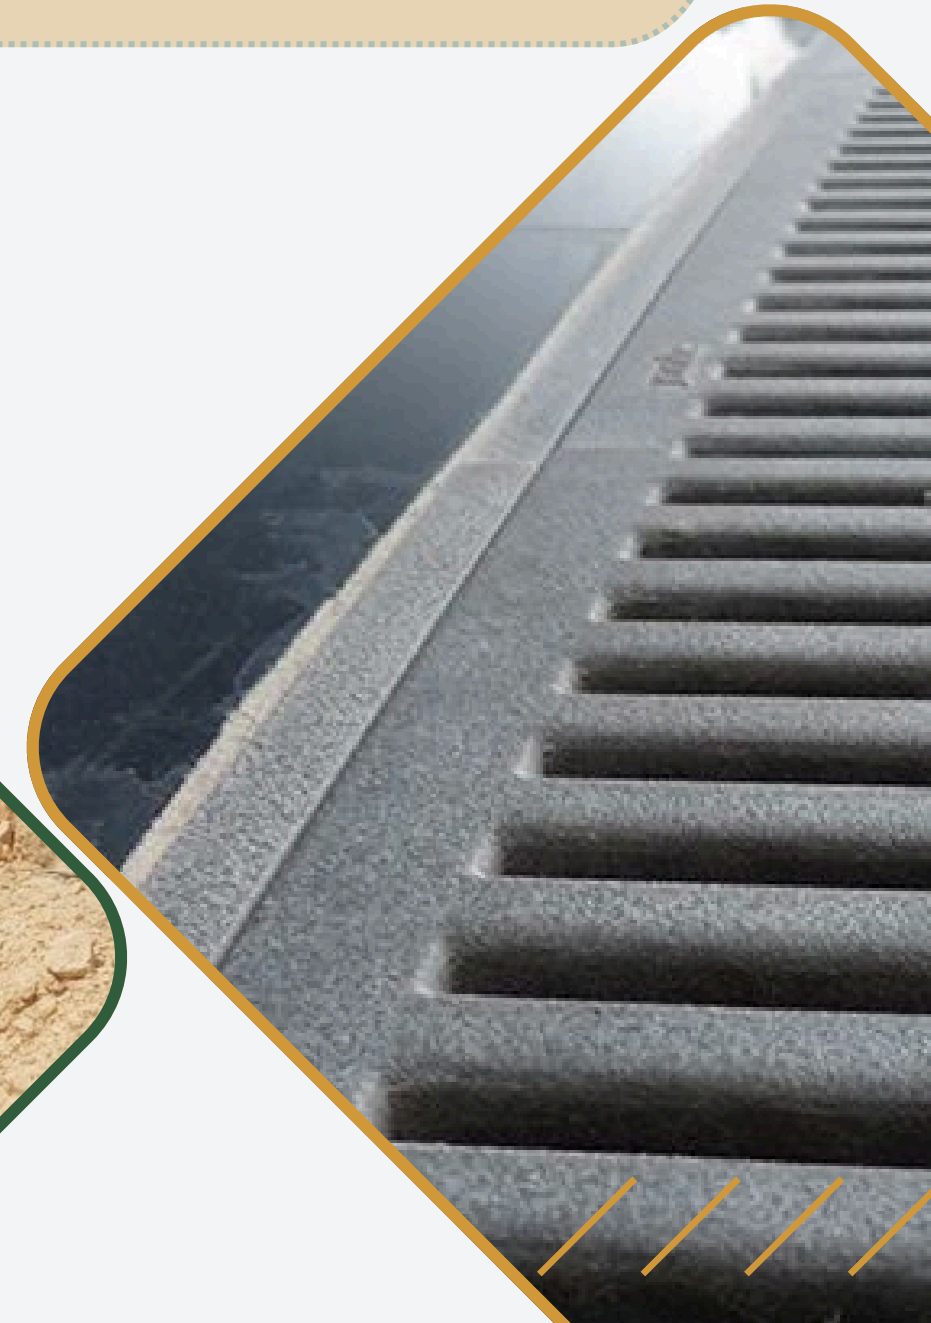

# OUR SERVICES

## Stormwater Drainage Works

15

Design and installation of stormwater drainage systems, surface water management solutions, and flood control infrastructure.

# OUR SERVICES

## Fire Fighting & Fire Protection Systems

16

Design, supply, and installation of fire suppression systems, fire alarm networks, sprinkler systems, and all associated fire protection infrastructure in compliance with civil defense regulations.

# OUR SERVICES

## Telecommunications Works

17

Installation of telecommunications infrastructure including data cabling, fiber optic networks, structured cabling systems, and communication conduits for all facility types.

# OUR SERVICES

## HVAC & Air Conditioning Works

18

Supply, installation, and commissioning of air conditioning and mechanical ventilation systems for residential, commercial, and industrial facilities, ensuring optimal indoor climate control and energy efficiency.

# OUR SERVICES

## Tree Planting & Afforestation

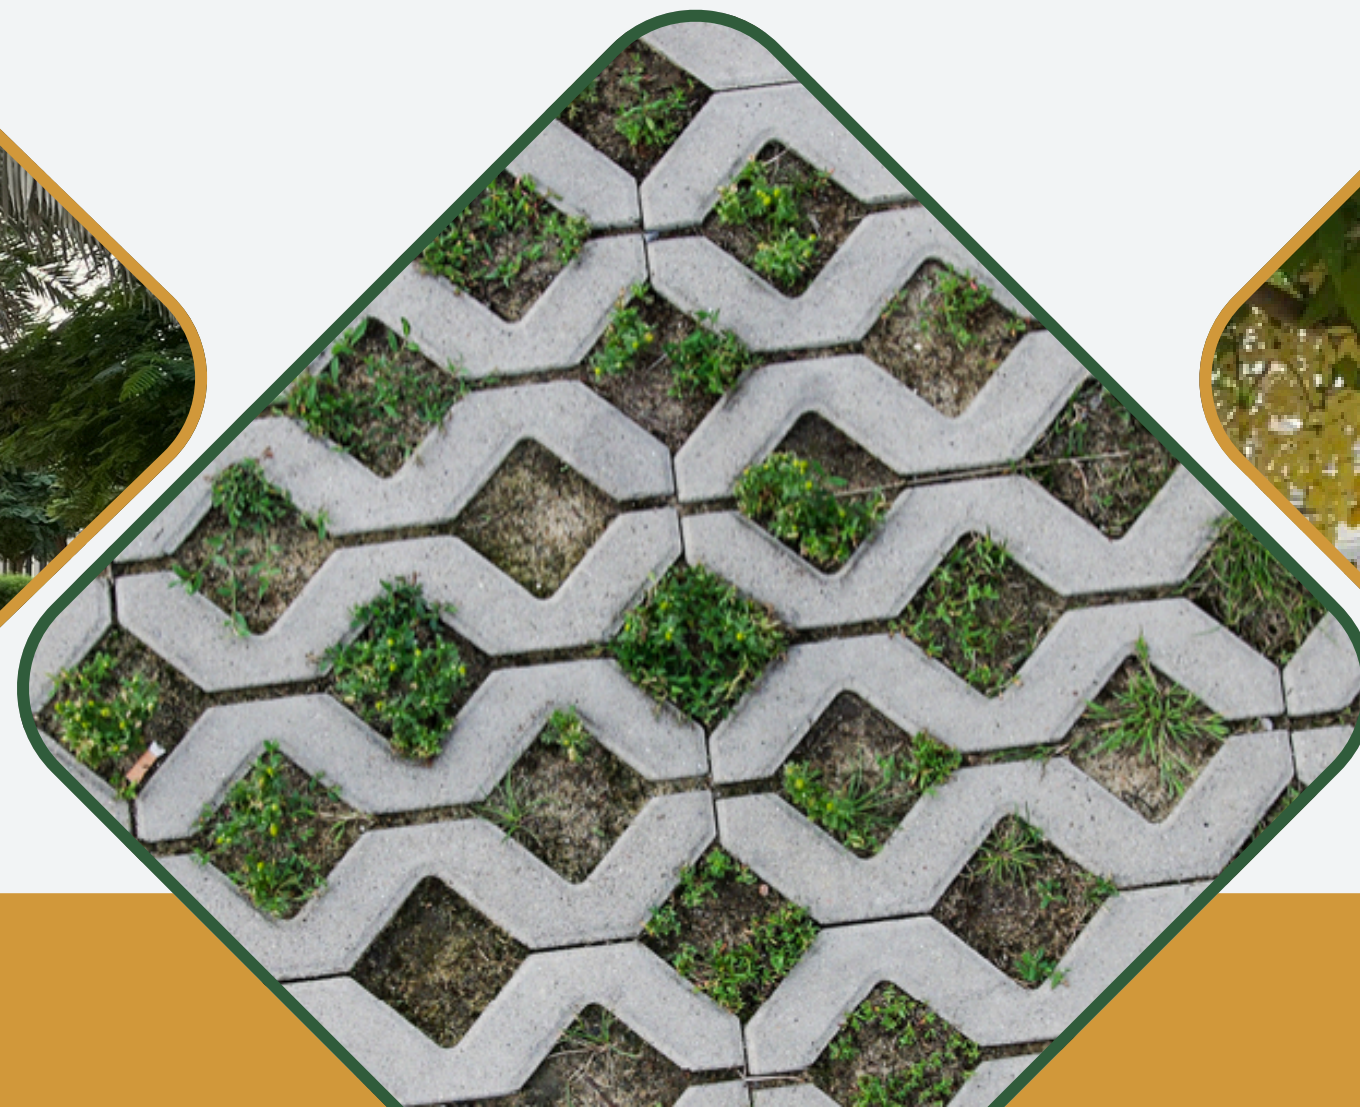

19

Supply and plantation of trees, shrubs, and green coverage across residential, commercial, and public spaces, supporting sustainable environmental development.

## Landscape Works

20

Professional landscaping solutions covering site grading, planting, irrigation systems, and outdoor environment design.

# OUR SERVICES

## Safety Works

- 22 Implementation of site safety systems, safety signage, protective installations, and compliance measures across all project sites.

## Shade Structures & Canopies

- 23 Design, fabrication, and installation of shade structures, steel canopies, and tensile membrane covers for parking areas, walkways, public spaces, and outdoor facilities.

# OUR SERVICES

## Fencing & Boundary Walls

24

Construction of perimeter walls, security fencing, and boundary structures utilizing high-quality materials built to last.

## Prefabricated Units & Site Cabins (Caravans)

25

Supply, installation, and maintenance of prefabricated cabins, site offices, and portable accommodation units for construction sites and temporary facilities.

# OUR SERVICES

## Cladding Works

26

Supply and installation of exterior and interior cladding systems, delivering aesthetic finishes with superior weather resistance and durability.

## Aluminium Works

27

Fabrication and installation of aluminium facades, windows, doors, curtain walls, and architectural aluminium elements to the highest finish standards.

# OUR SERVICES

## Finishing Works — Gypsum Board

28

Interior finishing solutions including gypsum board partitions, ceilings, and wall systems, executed with precision and quality craftsmanship.

## Epoxy Works

29

Supply and application of epoxy flooring systems and surface coatings for industrial, commercial, and infrastructure facilities, ensuring chemical resistance and long-term durability.

# OUR SERVICES

## Stone & Masonry Works

30

Supply and installation of natural and engineered stone cladding for facades, walls, and architectural surfaces, delivering timeless aesthetics with structural durability.

## Concrete Lined Drainage Channels & Culverts

31

Construction and installation of open concrete-lined drainage channels, stormwater canals, and culvert crossings for effective surface water conveyance and flood control along roads, highways, and public infrastructure.

# OUR SERVICES

## Canopies & Solar Energy Systems

32

Supply, installation, and commissioning of canopies and solar energy systems for residential, commercial, and industrial projects, ensuring durability, functionality, and energy-efficient solutions.
